

THE APPLIED THEATRE CENTER AND KROC GREENVILLE
ARE PARTNERING TO PRESENT

Theatre Programs for Adults with Disabilities

Cast of Spectrum Theatre's June 2022 performance of *Much Ado About Nothing* at Kroc Greenville.

The Applied Theatre Center (ATC) creates programs that serve people in the community through the **power of theatre**. From improvisation and role-playing to playwriting and performing, the expressive arts engage people mentally, emotionally, and physically. **Skilled facilitators** move groups through fun, fast-paced and impactful activities that empower them as valued citizens, friends, and family members. ATC is able to provide this group to the disability community in Greenville because of its **partnership with Kroc Greenville**.

Three programs to choose from!

- SPECTRUM THEATRE:** Spectrum Theatre is a theatre group for young adults on the autism spectrum. The Spectrum Theatre program has been running for 12 years. This group uses Drama therapy techniques and recreational theatre activities in order to teach social skills, confidence, and independence.
- THRIVE UPSTATE:** The Applied Theatre Center provides theatre groups to the participants of the Thrive Upstate Day Services program. Thrive Upstate provides day services for eligible adults with disabilities living in our Greenville County community. This group consists of a combination of recreational theatre and arts activities adapted to the needs of the participants and theatre activities that aim to reinforce the job skills curriculum that is taught through Thrive Upstate.
- YMCA RECESS:** The Applied Theatre Center provides theatre groups to the participants of the YMCA RECESS program. YMCA RECESS is a signature program of The YMCA of Greenville for post-high school adults with diverse abilities. This group consists of a combination of recreational theatre and art activities adapted to the needs of the participants. These activities aim to inspire creativity and confidence in those who participate.
