

NATURE CALLS

Join this dynamic group

of young adults on the autism spectrum for a year-long journey into the animal kingdom! We'll learn about, and learn from, animals: small to large, friendly and ferocious. Spectrum Theatre is focused on developing sensory safety through the application of drama therapy and Polyvagal informed exercises. We

also practice social skills, and mostly we have fun together! The group meets on the first and third Thursdays of each month from September 2024 through May 2025. Register using the links on our website or Facebook page for details about location and costs.
